Community Needs Assessment

- **Surveys & Focus Groups:** Understand specific safety concerns and needs.
- **Active Participation:** Encourage women with disabilities to share their experiences.

Establishment of Safe Spaces

- **Safe Zones:** Identify and establish community centers and designated safe areas.
- **Security Measures:** Install lighting, surveillance, and emergency contacts in safe spaces.

Implementation of Security Measures

- **Enhanced Safety:** Ensure well-lit and monitored environments.
- **Emergency Preparedness:** Provide clear instructions and contacts for emergencies.

Promoting Awareness of Rights

- **Educational Materials:** Develop and distribute flyers and posters about the rights of women with disabilities.

Fostering a Culture of Respect and Support

- **Community Events:** Organize campaigns promoting respect, inclusion, and support.
- **Workshops & Seminars:** Educate on SGBV, consent, boundaries, and rights.

Training Sessions

- **Specialized Training:** Focus on recognizing and preventing SGBV within the community.

Healthcare Access

- **Inclusive Services:** Partner with local providers to ensure accessible healthcare.
